

# Neuropixels Project

---

THURSDAY, 9/10/2020

## Data locations

Transnetyx genotype data:

Surgery logs:

Recording log:

File location (recordings, histology):

Slides:

FRIDAY, 9/11/2020

## Cohort #1

List of animals

Goals

SATURDAY, 9/12/2020

## Histology

Anitbodies, concentrations, changes to protocols

Observations

SUNDAY, 9/13/2020

## Results

Presentation summarizing results:

MONDAY, 9/14/2020

## Project Status

remaining work to be done (histology, analysis, more mice)

remaining questions

progressing to paper or frozen
